ADHESIVEBUMPERS.EU

We offer the great range of best quality self-adhesive rubber bumpers, anti-slip rubber feets and self adhesive bumper pads.

SHAPES

Self-adhesive rubber bumpers are made in various shapes and sizes giving us the ability to provide options for our customers.

Our standard colors are **clear** and **black**, but we also offer our rubber bumpers in **white, brown and gray**.

All of our bumpers are anti-skid and will not mark, scratch, or stain any surface.

Our bumpers are the best equivalent to 3M Bumpon and we can help you to find the exact bumper alternative.

CONICAL

Cone shaped rubber spacers which have a rounded point at the top of the part. These are our tallest rubber bumpers available for applications that require extra height and space.

RECESSED

Recessed rubber door stoppers have a concave top in the center which creates extra reinforcement for high impact applications. These large door stops can be used as wall protectors from a door handle.
